A GAME CHANGER AND CHALLENGER SINCE 1989

Life is glorious. Let's go.

To all new parents: We invite you to go out into the world and rediscover it through the eyes of your child. To travel, explore and move around together. To create a new bond and a lifetime of memories wherever you are, within the beautiful world around you.

At Easywalker, our mission is simple: to make it easier for you and your child to move around together.

We try our best to achieve this by designing affordable strollers and buggies that ride smoothly, are simple to use, and pleasing to the eye.

We believe that at the end of the day, it's the moments you experience that matter, not the things you own.

BEAUTIFULLY SIMPLE

At Easywalker we want to stimulate parents to go outside. We do this by creating innovative products that look good and are built to last. All our products are made with high quality materials and tested according to the highest standards.

TESTED AND APPROVED

EN1888:2018-2 •

Best in Test & Best Buy by the Dutch Consumer's Association with a 9,2 overall score and a 9,9 score for driving behaviour

HARVEY² PREMIUM

The elegant ride

The Harvey² Premium was designed for parents who value great style as much as optimal functionality. The high-quality fabrics and leatherette details give this stroller a luxurious and premium look. You can safely carry your belongings in the large, closed basket, and the reflective stripe on the wheels guarantees your visibility, even at night. With an exceptionally smooth ride on every surface, the Harvey² Premium is the most comfortable and elegant stroller of its kind.
